Yearbook of Immigration Statistics

The *Yearbook of Immigration Statistics* is a compendium of tables that provides data on foreign nationals who, during a fiscal year, were granted lawful permanent residence (i.e., admitted as immigrants or became legal permanent residents), were admitted into the United States on a temporary basis (e.g., tourists, students, or workers), applied for asylum or refugee

status, or were naturalized. The *Yearbook* also presents data on immigration enforcement actions, including alien

apprehensions, removals, and returns. The *Yearbook* tables are released as they become available. A final PDF is released in

September of the following fiscal year.

charts on legal permanent residents, refugees and asylees, nonimmigrant admissions, naturalizations, and enforcement

actions. The *Annual Flow Reports* and *Annual Reports* have replaced the text chapters in the earlier editions of the *Yearbook*.
